# SAFETY INSTRUCTIONS

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

This symbol is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

- Read these instructions.
- Keep these instructions.
- Read all warning
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.

• Do not block any of the ventilation openings. Install in accordance with the manufacturer's instructions.

• Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

• Do not defeat the safety purpose of the polarized or grounding type plug.

• A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet. • Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

• Only use the attachments/ accessories specified by the manufacturer.

• Unplug this apparatus during lightning storms or when unused for long periods of time.

• Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

• The socket-outlet shall be installed near the equipment and shall be easily accessible.

# ACCESSORIES

- 1. RCA Cable: :1 ea
- 2. Batteries : 2 ea
- 3. Remote Control Unit : 1 ea

Before using the remote Control Unit:

- Remove its back cover.
- Insert the two batteries (type R03/AAA 1.5 V) supplied.
- Position them as shown in the diagram in the battery compartment.
- Replace the cover.
- 4. User's Manual : 1 ea
- 5. Adapter : 1 ea

# APPEARANCE

### **REMOTE CONTROL UNIT (RCU)**

#### **COLOR KEYS**

Various functions are associated with each color key in the main menu and in the submenu (say, in channel list mode).

# **REMOTE CONTROL UNIT (RCU)**

1. POWER	Enter Standby mode or program-watching state
2. <b>0-9</b>	Menu: input the parameter value
	Non-menu: Select Channel
3. <b>INFO</b>	Display information tape
4. <b>EPG</b>	Non-menu: activates the EPG
5. <b>VOL+</b>	Volume increase
6. <b>VOL-</b>	Volume decrease
7. 22. LEFT/RIGHT	Menu mode: select or adjust the parameter value;
	Non-menu: volume adjustment
8. <b>MENU</b>	Display the Main Menu
9. Colorful keys	Use to define certain functions
10. <b>FAV</b>	Displays Your Favorite List
11. <b>LIST</b>	List channels/ services
12. <b>GAME</b>	Get into game-options interface
13. <b>MAIL</b>	Get into mail interface
14. <b>TIMER</b>	Get into timer function
15. <b>GROUP</b>	Get into channel-categorizing function
16. <b>MUTE</b>	Open/ close the sound output
17.TV/RADIO	Non-menu: switch program mode between TV and radio
18. 20. <b>CH+/-</b>	Non-menu: Channel tuning
19 <b>. BACK</b>	Recall channel
21. 24. <b>UP/DOWN</b>	Menu mode: move the cursor upwards/ downwards
	Non-menu: channel tuning
23. <b>OK</b>	Operation confirmation/ TV list/ Radio list
25. <b>EXIT</b>	Go to watching state
26. LANG	Get into audio-selecting instructions
27. <b>GUIDE</b>	Moves to channels bouquet menu directly
29. <b>SUB</b>	Call out subtitle function
30. <b>MOD</b>	Movie-on-demand
31. <b>HELP</b>	Help function

#### **Connections for CVBS**

For this Basic Set Up, use a CVBS lead for the video connection and either the red or the white color RCA leads that came with this Set Top Box for the audio connection.

#### Prepare your equipment

Make sure that your TV monitor has CVBS (VIDEO, AUDIO-R, AUDIO-L) input.

Ensure that the power leads to both the TV monitor and the Set Top Box are unplugged before you commence the set up procedure.

Connecting Video and Audio cables

#### Video:

Connect the yellow RCA cable from the VIDEO output of the Set Top Box to the VIDEO input of the TV monitor.

Audio:

a) Connect the red and white color connectors of the RCA lead to the corresponding colure audio output connectors on the rear of the Set Top Box.

b) Connect the other end of the cable to the corresponding color connectors on your TV set.

#### Connect the CATV cable

Connect the Cable TV signal cable to the "CABLE IN" connection on the rear of the Set Top Box.

#### Connect the power

Plug the power adaptor supplied with the Set Top Box into 220V mains socket. Plug the DC12V power input into the [12V] interface on the rear panel.

Connect the power to your TV set and turn it ON, you are now ready to get started.

#### POWER ON

1. Plug the connector of an adaptor into the socket.

2. Plug the DC12V power input into the [12V] interface and turn on the standby key on the front panel, the receiver enters its standby mode. Re-press the key the unit recovers to its normal.

### **INSERTING SMARTCARD**

# Here's how to get access to the pay channels after you have paid your subscription to the provider and your purchase of the STB and Smartcard.

1) The main plug must not be plugged in before inserting the Smartcard.

2) Insert proper Smartcard fully into the slot behind the lid of the front door of the STB, make sure that the metal chip on the card downwards when inserting.

3) Smartcard may give special menus or information which is not described in this manual.

4) Smartcard can only give access to the program channels from specific service provider of your subscription.

5) After assuring the inserting of the card, close the lid for protection of smart card from dust and damage.
